

QUANTUM[®] 1650

WEIGHT
650 lbs.
CAPACITY

The Quantum[®] 1650 offers heavy-duty construction and performance components including upgraded motors, a reinforced frame, enhanced springs on the front anti-tip wheels, and the use of two Group 24 hour batteries. This allows the 1650 to accommodate a maximum weight capacity of 650 lbs. In addition, the Quantum 1650 delivers style, high performance and superb maneuverability.
