Invacare® **Horizon™**

The look of affordable style and performance

The new Invacare® **Horizon™** is an excellent featured mobility scooter at an economical price. The features on the Invacare® **Horizon™** have been well thought out and developed for a comfortable and safe driving experience. The Invacare® **Horizon™** is a perfect mix of great performance, excellent reliability, elegant styling and affordable pricing.

➤ Affordable Style

The stylish car-like front and rear lights not only provide excellent visibility but also add to its elegant design. The integrated front bumper fits perfectly with its flawless look and modern styling. Designed for easy and intuitive operation, driving the Horizon feels like a breeze.

➤ Comfort and Easy Transfer

The Horizon comes standard with a very comfortable premium upholstery seat that includes a headrest for added safety. An optimal driving position can be obtained by adjusting the seat height and the seat sliding mechanism gives the driver wider legroom range. The 360° swivel seat and swing-up armrests allow for easy transfer in and out of the scooter.

➤ Safety

Front and rear lights are key standard safety features on the Horizon, improving the visibility of the driver. Your Horizon will come with a free safety flag and high visibility vest so that drivers and pedestrians will see you.

➤ Support

In the unlikely event of you experiencing a problem with your Horizon, you can be assured of getting home using the free AA Roadservice Cover. Local service and maintenance support is close at hand via Invacare's Nationwide Service Network.

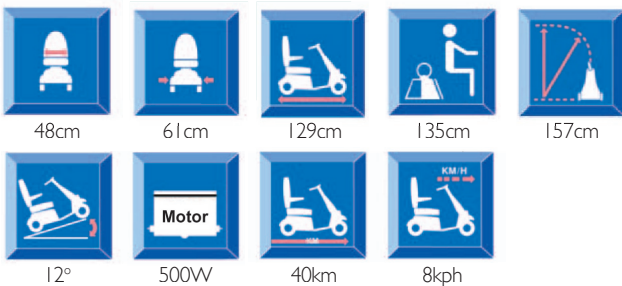

➤ Driver Training

All Invacare distributors will provide training on how to use your Horizon Scooter so you feel confident when you first get out and about*. Safety information is available in the *LTNZ Keeping Mobile* Booklet and the *Safer Mobility* DVD that Invacare provides free when you purchase your Horizon.

* If you do not receive your training let us know.
