

**Reduce cost with Invacare high flow concentrator**

The Invacare **Platinum 9** offers providers a value added and reliable global solution to treat patients with high flow requirements. Use as a stand alone device or couple together with HomeFill® Oxygen System for complete patient care. While optimising oxygen concentration, Platinum 9 minimises costs associated to maintenance and delivery. It allows patients to stay at home comfortably and safely thanks to a series of integrated alarms. Users will appreciate its simplicity of use combined with maximum security
